SUPPLEMENT

- l. The head of the Chinese Communists in Head Yai is a Siemese-born Chinese named Virod. His headquarters are the Chinese Relief Organization in Head Yai. Chinese Communist activity is directed entirely toward combatting Chinese Nationalist influence, and is not anti-British. All funds collected by the Chinese Communists are used for this purpose.
- Several groups of ex-Chinese Communist guerrillas have settled in the Yala and Pattani areas and are engaged in farming, shopkeeping, etc. Thus far they have caused no trouble in Siam.
